REPORT on Ph. D Thesis/Dissertations

1. Name of the Scholar/Regn. No. Jitendra Singh / 2010pbn004
2. Title of Thesis ...A Critical appraisal of retail Outlets and their impact on traditional stores with special reference to Agra region.

### IMPORTANT

The examiner is requested to send his/her report/recommendation under the following heads:-

1. General and critical appreciation of the thesis:

This thesis having variables attitude a specific variable dependent on retail outlets and their impact on traditional stores. In this thesis chaptalization is appropriate and taken the research review is proper formatting as per UGC norms thesis maybe presented for the Ph.D. degree awarded.

2. Positive aspects of the thesis indicating the good points there in:

This thesis is mainly based on the secondary data. Data evaluation system is proper and Sufficient for Analysis of impact of traditional stores in Agra region

3. Negative aspects, if any:

In this thesis: negative point is review of literature lookssomeold.

4. Specific recommendation regarding publication of the thesis:

- i) Thesis is fit for publication in its original form. - YES
- ii) Thesis is fit for publication- YES
- iii) Thesis is fit for publication only after making following modifications. - YES

**5. Recommendations**

REPORT on Ph. D Thesis/Dissertations

1. Name of the Scholar/Regn. No.....Vikas Jasrotia
2. Title of Thesis: Investigation of Heavy metals in apple and soil samples from selected areas of Himanchal Pradesh.

## IMPORTANT

The examiner is requested to send his/her report/recommendation under the following heads:-

### 1. General and critical appreciation of the thesis:

As per my observation about the research work of Mr. Vikas Jasrotia, he has performed very valuable and original work on investigation of heavy metals in apple and soil samples from selected areas of Himanchal Pradesh. The research work embodied in this thesis has been divided into six chapters. The first chapter of the thesis includes general introduction and information about the relevance of food safety and food born illness heavy metal contamination in foods. The second chapter of the thesis deals with the review of literature highlighting the various aspects of estimation of concentration of heavy metals in soil, water and fruits. The third chapter of the thesis describes the research design and methodology and with regards to heavy metal concentration administration. The fourth chapter covers the experimental parts of the work along with analysis and data interpretation. The six and last chapter of the thesis covers the result and discussion along with conclusion of the research work performed followed by list of references. Overall the thesis is well organized and written in proper way as per the format of the University. I personally feel that the work presented in the thesis of Mr. Vikas Jasrotia, is highly appreciable and be accepted and recommended for the award of Ph.D degree in Chemistry by the University after proper viva-voce examination and presentation.

### 2. Positive aspects of the thesis indicating the good points therein:

- The apples and soil collected from the Himanchal Pradesh, which are arsenic less toxic.
- The research work is performed well and sensitized the people for health risk factor by consumption of apples.
- The work published in journals of repute indicating the quality of work.

P.K.

3. Negative aspects, if any:

None -

4. Specific recommendation regarding publication of the thesis:

- i)  Thesis is fit for publication in its original form. -
- ii)  Thesis is not fit for publication.
- iii)  Thesis is fit for publication only after making following modifications.

5. Recommendations

I (a)  Whether the thesis is a piece of research work characterized either by discovery of new facts

OR

Enunciation of a new theory,

OR

By fresh interpretation of known facts or theories,

(a) *The work in the thesis is a piece of research work characterized by new facts.*

(b)  Whether the thesis evinces candidates capacity for critical analysis/examination and judgment so far as its literary presentation is concerned.

(b) *Yes, the thesis evinces candidate capacity for critical analysis and judgment so far as its literary presentation is concerned.*

II The Evaluator will state categorically whether in his or her opinion

(a)  Thesis should be accepted for the award of Ph.D. Degree.

OR

(b) It should be referred back to the Candidate for presenting it again in revised form:

OR

(c) It should be rejected.

*The thesis should be accepted for the award of Ph.D. Degree*

6. Question for Viva (at least six questions may be given)

- Name the Instruments which are used in your study.
- why a separate lamp is required to determine each element in A.A.
- How would you calculate and identify the limits and quantitation?
- Explain the SAR and Bisconcentration factor.

REPORT on Ph. D Thesis/Dissertations

1. Name of the Scholar/Regn. No. ... Jitin Sehgal/ 2010pbm012
2. Title of Thesis : A Study of role of human resources in promoting tourism industry at Agra

### IMPORTANT

The examiner is requested to send his/her report/recommendation under the following heads:-

#### i) General and critical appreciation of the thesis:

The thesis titled "A Study of the Role of Human Resources in Promoting the Tourism Industry at Agra" explores the critical role played by human resources in enhancing the tourism sector in Agra.

Tourism is a vital economic driver for Agra, primarily centered on its cultural heritage, including the Taj Mahal and other historical monuments. Understanding how human resources contribute to the promotion and management of tourism is essential for sustainable development and growth in the region.

#### 2. Positive aspects of the thesis indicating the good points therein:

The thesis states that human resources play a crucial role in talent acquisition, training, and retention within the tourism industry at Agra. Effective HR practices contribute significantly to enhancing visitor experiences and sustaining tourism growth. Challenges identified include skills gaps among the workforce, high turnover rates, and the need for continuous professional development.

This report summarizes the key findings and recommendations from the thesis, highlighting the pivotal role of human resources in promoting tourism in Agra. Further studies and practical interventions are essential to capitalize on these insights for sustainable tourism development.

#### 3. Negative aspects, if any:

NO NEGATIVE ASPECTS

#### 4. Specific recommendation regarding publication of the thesis:

- i) Thesis is fit for publication in its original form - YES
- ii) Thesis is not fit for publication.
- iii) Thesis is fit for publication only after making following modifications:-

REPORT on Ph. D Thesis/Dissertations

1. Name of the Scholar/Regn. No: JUN KRISHNA JOSHI/20143715
2. Title: Effect of social media advertising on educational performance of youth in Kathmandu valley Nepal

### IMPORTANT

The examiner is requested to send his/her report/recommendation under the following heads:-

#### 1. General and critical appreciation of the thesis:

This thesis report aims to explore the effect of social media advertising on the educational performance of youth in Kathmandu Valley, Nepal. Through a structured methodology and rigorous analysis, the study seeks to provide valuable insights into a growing concern in the field of education and media studies. The thesis states the impact of social media advertising on educational outcomes in Kathmandu Valley. It also specific focus on youth, their engagement with social media, and academic achievements. The thesis also implies to analyze the extent of exposure to social media advertising among youth. To assess the relationship between social media advertising and educational performance. Also identify factors influencing this relationship.

#### 2. Positive aspects of the thesis indicating the good points therein:

The thesis provides a deeper understanding of how social media advertising influences the educational behaviors and outcomes of youth. By examining this relationship, the thesis contributes to understanding the modern dynamics of media consumption and its impact on academic performance.

By identifying positive correlations between specific types of social media advertising and improved educational performance, the thesis can empower educators, policymakers, and advertisers to develop more targeted and effective educational strategies on social media platforms. This could lead to innovative approaches that leverage social media for educational enrichment.

#### 3. Negative aspects, if any: Minor grammatical errors.

#### 4. Specific recommendation regarding publication of the thesis:

- i) Thesis is fit for publication in its original form. - YES
- ii) Thesis is not fit for publication.
- iii) Thesis is fit for publication only after making following modifications.

5. Recommendations

I (a) Whether the thesis is a piece of research work characterized either by discovery of new facts

OR

Enunciation of a new theory.

OR

By fresh interpretation of known facts or theories.

(a) Yes; By fresh interpretation of known facts or theories

(b) Whether the thesis evinces candidate's capacity for critical analysis/examination and judgment so far as its literary presentation is concerned.

(b) YES

II. The Evaluator will state categorically whether in his or her opinion

(a) Thesis should be accepted for the award of Ph.D. Degree

OR

(b) It should be referred back to the Candidate for presenting it again in revised form.

OR

YES: AWARD FOR Ph.D. DEGREE

(c) It should be rejected.

6. Question for Viva (at least six questions may be given)

- How does social media advertising influence educational performance?
- What are the perceptions of youth in Kathmandu Valley regarding social media advertising?
- What factors mediate or moderate the relationship between social media advertising and educational outcomes?

REPORT on Ph. D Thesis/Dissertations

1. Name of the Scholar/Regn. No.... Prityanka, 20111107
2. Title of Thesis ... "Anti Microbial and Anticancer activity of North India Indigenous plants"

## IMPORTANT

The examiner is requested to send his/her report/recommendation under the following heads:-

### 1. General and critical appreciation of the thesis:

- (a) Introduction and objectives: The topic of thesis has been correctly put forth supported with specific details and clear justification. The objectives of the study are appropriate, precise and justified. The introduction has been written satisfactory.
- (b) Review of literature: The review of literature has been written well and updated as per requirement.
- (c) Planning of experiments: All research conducted is well planned, and all experiments were conducted in a well organized manner.
- (d) Materials and methods: Candidate has adopted appropriate methodology for this study.
- (e) Results and discussion: The results of the study are clearly analysed using appropriate methods, The results are properly written and explained.
- (f) Summary and conclusion: The summary and conclusion of this research has been explained well and provides new original information on antimicrobial and anticancer activity of indigenous plants.
- (g) Bibliography: All references are properly arranged and presented well, with the detail of valuable references used for the validation of theoretical and research part of this thesis.

### 2. Positive aspects of the thesis indicating the good points therein:

This study reported the antimicrobial and anticancer activity of indigenous north Indian plants. The findings of this study: The findings of the study have significant importance in health science. This study provides new original information on antimicrobial and anticancer activity of indigenous north Indian plants.

3. Negative aspects, if any: nil

4. Specific recommendation regarding publication of the thesis:

- ✓ i) Thesis is fit for publication in its original form. -

2. Hard copy of signed Reviewer's Report must be sent to Director Research, Mangalayatan University, Aligarh Mathura Highway, beswan, Aligarh, U.P. 202146 (7351002525)

[If necessary, blank sheets may be added to complete the report under any particular head(s) above.]

# Mangalayatan University, Aligarh - 202145

## Bill of Honorarium for Evaluation of Ph.D. Thesis/Dissertation

Name of Examiner: Dr Ashou Kumar

Designation: Professor

Name of University / Institute: Mangalayatan University - College Faculty

Phone/ Mobile No. 8228982943

E-mail ID: lance.sharma@gmail.com

Address at which cheque for payment is to be sent: /

Name of Candidate whose Thesis/ Dissertation is evaluated: Unmesh Jaiswal

### Claim:

Honorarium for Evaluation of Ph.D. Thesis/Dissertation: \_\_\_\_\_

Postal charges, if any (Postal Receipt to be enclosed with the bill): \_\_\_\_\_

Total: \_\_\_\_\_

Amount in words: \_\_\_\_\_

Signature of Examiner: [Signature]

### NEFT Detail:

Name of Examiner: Dr Ashou Kumar

Bank Account No: 4142000100072780

Bank Name: PNB

Branch Name: Jamun Jete Bikan.

(Rev.)  
PUMB0414200

## Mangalayatan University, Aligarh

REPORT on Ph. D Thesis/Dissertations

1. Name of the Scholar/Regn. No. .... Harish Saraswal
2. Title of Thesis .. Characterization of cyclodextrin inclusion complex with pharmaceuticals by NMR spectroscopy and molecular modeling studies.

### IMPORTANT

The examiner is requested to send his/her report/recommendation under the following heads:-

#### 1. General and critical appreciation of the thesis:

The thesis consist five chapters.

→ In chapter 1, general introduction of drug & cyclodextrin were discussed.

→ ~~the~~ chapter two consist literature review of recent publications related to topics.

→ chapter three elaborates the methods of preparation and inclusion complexation between drug and cyclodextrin.

→ chapter four emphasize on data interpretation from NMR and molecular modeling and other param.

→ chapter five consist relative references.

The research work reported in this thesis is upto the mark and well defined.

#### 2. Positive aspects of the thesis indicating the good points therein:

→ Consise and well written

→ data interpretation is well defined.

3. Negative aspects, if any:

*Some typographic errors are present in thesis.*

4. Specific recommendation regarding publication of the thesis:

- i) Thesis is fit for publication in its original form. - ✓
- ii) Thesis is not fit for publication.
- iii) Thesis is fit for publication only after making following modifications.

5. Recommendations

- I (a) Whether the thesis is a piece of research work characterized either by discovery of new facts  
OR  
Enunciation of a new theory,  
OR  
By fresh interpretation of known facts or theories,

(a) .....  
.....  
.....

- (b) Whether the thesis evinces candidates capacity for critical analysis/examination and judgment so far as its literary presentation is concerned.

(b) .....  
.....  
.....

II The Evaluator will state categorically whether in his or her opinion

- (a) Thesis should be accepted for the award of Ph.D. Degree.

OR

- (b) It should be referred back to the Candidate for presenting it again in revised form:

OR

- (c) It should be rejected.

*Thesis should be accepted for the award of Ph.D. degree.*

6. Question for Viva (at least six questions may be given)

- ① - Discuss the conclusions of your study.
- ② - What are COSY and NOESY?
- ③ - Why you choose cyclodextrin?
- ④ - What form of drug you are used?
- ⑤ - Elaborate different parameters used in mol. modeling?
- ⑥ - Future scope of your study.

(Signature of the Examiner)

Name Dr. Manish Sharma

Address Asso. Prof.

1. Scan copy of signed Reviewer's Report may be sent to [research@mangalayatan.edu.in](mailto:research@mangalayatan.edu.in) by e-mail.
2. Hard copy of signed Reviewer's Report must be sent to Director Research, Mangalayatan University, Aligarh Mathura Highway, beswan, Aligarh, U.P. 202146 (7351002525)

[If necessary, blank sheets may be added to complete the report under any particular head(s) above.]

# Mangalayatan University, Aligarh - 202145

## Bill of Honorarium for Evaluation of Ph.D. Thesis/Dissertation

Name of Examiner: Dr. Manisha Sharma  
Designation: Associate Professor  
Name of University / Institute: School of Engineering Technology,  
SADTM Campus, Jaipur National University, Jaipur (Raj)  
Phone/ Mobile No. 9758266600  
E-mail ID: manisha@jnujaipur.ac.in  
Address at which cheque for payment is to be sent: Same as above

Name of Candidate whose Thesis/ Dissertation is evaluated: Harish Saraswal

### Claim:

Honorarium for Evaluation of Ph.D. Thesis/Dissertation: 3000 / -

Postal charges, if any (Postal Receipt to be enclosed with the bill): \_\_\_\_\_

Total: 3000 / -

Amount in words: \_\_\_\_\_

Signature of Examiner: 

### NEFT Detail:

Name of Examiner: Manisha Sharma

### REPORT on Ph.D Thesis/Dissertations

1. Name of the Scholar/Regn. No....Soni Singh, 2007UBT106
2. Title of Thesis ...In silico characterization of 5-HT<sub>2A</sub> receptor involved in schizophrenia and its potential as therapeutic target.

#### IMPORTANT

The examiner is requested to send his/her report/recommendation under the following heads:-

#### 1. General and critical appreciation of the thesis:

- (a) Introduction & objectives: The topic of the thesis has been correctly put forth supported with specific details and clear justification. The objectives of the study are appropriate, precise and justifiable. The introduction has been written satisfactorily.
- (b) Review of literature: The review of literature has been written well, updated as per requirement.
- (c) Planning of experiments: All research conducted is well planned, and all related experiments were conducted in a well organized manner.
- (d) Materials and methods: Advanced and appropriate methodology has been applied, along with suitable research materials.
- (e) Results and discussion: The results obtained related to marker development during the course of study have been presented well. The experimental results have been properly written and explained. New drug for the effective treatment of schizophrenia has been described satisfactorily.
- (f) Summary and conclusion: Have been written properly.
- (g) Bibliography: All references are properly arranged and presented well and tally with text.

#### 2. Positive aspects of the thesis indicating the good points therein:

- This study revealed the site specific drug binding with the active site of 5HT<sub>2A</sub> receptor. The site specific molecule was found efficient for inhibiting the 5HT<sub>2A</sub> receptor, which could be useful for specific management of cases of schizophrenia.

- The drug (risperidone) was found site specific and was recorded less side effective on the basis of their binding efficiency.
- The molecule has been observed to be fairly sensitive and specific for schizophrenia.
- This study provides newer information and designing and development of specific molecules for the treatment of schizophrenia.

3. Negative aspects, if any:

Nil

4. Specific recommendation regarding publication of the thesis:

- i) Thesis is fit for publication in its original form. -
- ii) Thesis is not fit for publication.
- iii) Thesis is fit for publication only after making following modifications.

5. Recommendations

I (a) Whether the thesis is a piece of research work characterized either by discovery of new facts

OR

Enunciation of a new theory,

OR

By fresh interpretation of known facts or theories,

(a) by fresh interpretation

.....

.....

(b) Whether the thesis evinces candidates capacity for critical analysis/examination and judgment so far as its literary presentation is concerned.

(b) Good presentation

.....

.....

II The Evaluator will state categorically whether in his or her opinion

(a) Thesis should be accepted for the award of Ph.D. Degree.

OR

(b) It should be referred back to the Candidate for presenting it again in revised form:

OR

(c) It should be rejected.

Thesis should be accepted for the award of Ph.D. Degree

6. Question for Viva (at least six questions may be given)

- How this study could be more beneficial for the development of specific drugs.
- How will you use this approach.
