Executive Summary

Introduction

The word Mangalayatan is fashioned by the combination of two words; Mangal and Ayatan that refer to the Home (Place) that endows contentment and positive vibrations. Mangalayatan University symbolizes the ultimate resource that underlines well-being and prosperity "Learn Today to Lead Tomorrow".

Mangalayatan University (MU) has been created under "The Mangalayatan University, Uttar Pradesh Act, 2006" and notified by the Government of Uttar Pradesh as Act No. 32 of 2006, by its Gazette No. 362/VII-V-1-1(Ka)-12/2006 dated October 30, 2006, with the right to provide higher education under section 2f of UGC Act 1956 and authorized to award degrees specified in section 22 of UGC Act. The UGC inspected the University during May 12-14, 2011 and validated the above empowerment vide F. No. 9-6/2007(CPP-I/PU) dated Feb 8, 2012. The University is a member of Association of Indian Universities (AIU) as approved vide AIU letter numbering MEET/87/AM/BS/2013/, dated Aug 5, 2013. All programs offered by the University have regulatory approval by regulatory authorities like UGC, National Council for Teacher Education (NCTE), Bar Council of India (BCI) and Pharmacy Council of India (PCI).

The University has been promoted by Acharya Kundkund Educational Society. The Chairman of the Society Shri Hemant Goyal, an industrialist, is the Chairman of the Board of Management of the University.

The Court of the University comprises the Chancellor, Vice Chancellor, Pro Vice Chancellor, two academicians nominated by the Visitor, an educationist of repute nominated by the Society, and the Registrar as its Secretary. The Vice Chancellor is the Chief Executive of the University. The University is administered by him through the Executive Council and the Academic Council, both chaired by him.

Nearly 3200 students currently study in the University. Its faculty body consists of several highly qualified and motivated individuals from the IITs, NITs, foreign universities and other high-quality institutions. They champion the adoption of the latest teaching methods and constantly keep themselves updated with the latest technological and industrial advances. MU's vision is to give students from all kinds of backgrounds a quality educational experience leading legitimately to rewarding career opportunities.

As part of its longer term vision, MU is tying up with several industry leaders in order to make industrial training and exposure a growing part of its core curriculum. The University has signed MoUs with various national and international organizations like National Jalma Institute of Leprosy & other Mycobacterial Diseases, Agra; Usha Martin University, Ranchi, Jharkhand; Himalayan University, Itanagar, Arunachal Pradesh; Mangalayatan University, Jabalpur, Madhya Pradesh.

In tandem, MU ensures that its students acquire a strong sense of community responsibility thanks to the environment they live in, symbolized best by the grand Jain Temple on campus. With over 900 campus residents, the 72 acres lush green campus of MU sports a vibrant, energetic feel at all times.

MU students ensure that there is never a dull day on campus. Some student initiatives like Kadam, NSS and Red Cross do stellar work in the nearby village areas in the fields of education, hygiene, health and

environmental awareness. Over the years, companies such as Infosys, HCL, ICICI Lombard, the Indian Armed Forces (Army, Navy and Air Force), HDFC Life, Johnson & Johnson, R Systems, Manhattan Associates, HDFC Bank and several others have been part of our placements.

The Vision

“To be an institution where the most formative years of a young mind are spent in the guided pursuit of excellence while developing a spirit of inquisitive questioning, an ability to excel in the pressure of a fast-changing professional world, and a desire to grow into a personality than a person, in an environment that fosters strong moral and ethical values, teamwork, community service and environment consciousness.”

The Mission

- To be the enablers of a confluence of academic rigor and professional practicality.
- To bring global best practices to students through widespread use of technology.
- To empower faculty to constantly develop new skills and excel professionally.
- To provide the best campus environment to students and faculty with all facilities to nurture their interests.

Quality Policy

MU believes that the quality of education is defined by its most important stake holders- students, prospective employers and the society. To this end MU commits itself to:

- Deliver education consistent with the needs of business and society;
- Continuously innovate education processes to keep them comparable with the best in class;
- Design curriculum to ensure that the creativity and innovative capacity of students are continuously enhanced;
- Attract, develop and retain highly competent faculty members;
- Develop systems for ensuring quality of student intake; and
- Continuously monitor the quality of output through structured feedback

Objects of the University

To disseminate and advance knowledge by providing instructional, research & extension facilities and endeavor to provide necessary atmosphere and ambience to students and teachers for the promotion of:

- Learning in its student body and in society generally;
- Knowledge through teaching scholarly research and scientific investigation;

- Cultural and social life of society, while fostering and respecting the diversity of the university;
- Capacity for independent critical thinking amongst its students;
- Support and contribution to realization of nation, economic and social development;
- Highest standard in quality of teaching and research;
- Lifelong learning; and
- Gender balance and equality of opportunity among students and employees of the university.

Short Term Goals

- To integrate infrastructure and support facilities for optimal utilization by the stakeholders.
- To strengthen system for improving the employability of students by imparting industry-driven and need-based education.
- To monitor and assess quality indicators for continually raising the level of satisfaction among stakeholders.
- To establish Research & Development/Incubation Centre for nurturing research culture in the University.
- To organize FDP for providing round-the-year induction training and refresher programs.

Long Term Goals

- To create synergetic partnership among industry, research labs and the academic institutions and meeting their emerging demands.
- To create facilities for improvement of the competencies of faculty.
- To promote R&D culture in the University, and provide professional work environment.
- To establish an incubation centre for identified industry.
- To create testing and consulting facilities at a large scale.
- To establish copyright, patent and Legal Cell for providing guidance.
- To establish active linkages at National & International level with the institutions, industry and economy through bilateral activities.
- To strive for international recognition of Mangalayatan University as a center for research and training

MESSAGE FROM THE CHANCELOR

The world of knowledge is now borderless thanks to the growing use of new technologies and emerging globalization trends. Academics must now put a lot of effort into creating a skilled workforce that is ready for new challenges. With the goal of achieving acclaim, Mangalayatan University has started this process.

Mangalayatan University will soon enter its 17th year of existence. The Mangalayatan University's 16 glorious years of progress and enormous accomplishments bear witness to its success story. Mangalayatan University continues to demonstrate its commitment to ongoing academic development and transformation through cutting-edge facilities, cutting-edge programs, and a vibrant intellectual leadership that is shaping innovative educational methods.

I want Mangalayatan University's faculty and students to set high goals and seize every opportunity to develop professionally, spiritually, emotionally, and intellectually. I wish the Mangalayatan family a bright future and commend their accomplishments

Achyutanand Mishra
Chancellor

MESSAGE FROM THE CHAIRMAN

Every country's development is gauged by its higher education system. Higher education stands out as the crucial component in India's current situation, where the country is poised to experience unparalleled growth and development. As responsible citizens, we all have the chance to influence this variable. Today, in order to create a truly skilled, forward-thinking, and responsible Indian citizenry, industry, academia, and the general public must work together to share each other's knowledge, enthusiasm, and devotion. In keeping with this philosophy, Mangalayatan University has concentrated on giving its students a comprehensive and relevant education in a setting that fosters values, respect for others, and cooperation.

Students at Mangalayatan University are currently sharpening their technical abilities for employment in the best public and private sector firms while also preparing for tests like GATE, UGC-NET, TET, CAT, GRE, and TOEFL etc. Our undergraduate programs' general awareness and knowledge-intensive skill-based courses have helped to significantly broaden the scope of our professional preparation strategy. It is undeniable that the upcoming class of Mangalayatan students is developing into a ready and goal-oriented generation of young people who will be a source of pride for their families, their alma mater, and society.

We firmly believe that our beautiful, lush, green, 72-acres campus contains the best of each of these elements in this day and age, when a college aspirant and his parents must worry about the program of study, the learning environment, the quality of guidance, the relevance of the program to the outside world, and the overall quality of the living environment. We cordially invite you, dear students, and your parents, to enter our building, engage with our outstanding teachers, and experience the upbeat and lively atmosphere at Mangalayatan University.

Hemant Goyal

Chairman

Mangalayatan University, Aligarh

MESSAGE FROM THE VICE CHANCELLOR

Mangalayatan University, in our opinion, is the "Gurukul of Global Education." Here, we strive to create temperaments that belong in a future that I can't even begin to imagine by carefully blending ideals with international professional talents.

By encouraging students to enroll in educational programs, the University has taken a significant step toward realizing its vision since its inception. The focus imagines both safeguarding against the temptations of disruptions and manipulating the time on campus to revitalize classroom learning.

While education in Mangalayatan's Programs emphasizes the significance of multiple exposures in the complete development of personality, the age range of the targeted students necessitates that these multiple exposures be integrated with formal studies. I am encouraged by the fact that Mangalayatan Programs' curriculum was developed through a rigorous counseling process with subject matter experts, business leaders, and behavioral trainers. The most notable aspects of these programs include the expectation that blended classroom learning will provide a theoretically and practically comprehensive educational experience by integrating mandatory participation in sports/culture and extracurricular activities.

The new strategic plan is changing, and during this time, our students will get a lot of technology-aided opportunities and experiences that will help them build a strong academic structure and achieve success. In parallel, we anticipate improving our students' employability and expanding our research potentials in accordance with international standards, practices, and goals.

I warmly invite the bright young candidates to join us on this journey; if we work together, we might bring about the necessary change in society

Prof. P.K. Dashora
Vice Chancellor

3. ACADEMIC INSTITUTES AND DEPARTMENTS AND OTHER UNITS

A. FACULTY OF ENGINEERING & SCIENCES

a) INSTITUTE OF ENGINEERING & TECHNOLOGY (IET)

Institute of Engineering & Technology (IET) was established in 2007. Two new departments Mechanical Engineering and Civil Engineering were introduced in 2009. The Institute is of Engineering and Technology was reorganized in the year 2015, vide letter number MU/RO/Reorg of Institutes/14-15/468 dated 20 May 2015. The institute offers under graduate, Post Graduate & Doctoral Programs in the disciplines of Electrical & Electronics Engineering, Electronics & Communications Engineering, Computer Science Engineering, Mechanical Engineering, Civil Engineering, Biotechnology and Computer applications. The curriculum of each program has been designed by eminent academicians and industry professionals with significant industry input, enabling students to get exposure to the latest technologies and industry trends. The programs of the IET strongly emphasize that engineers of tomorrow must essentially be creative, hardworking and ready to shoulder challenges, strategically and optimally in a global perspective. It is committed to imbibe critical thinking ability in skilled engineers, capable of solving complex problems and to enable them to work as dedicated professional to serve their companies, society in particular and humanity in general.

The vision of educational the IET is based on innovative learning methodologies, constant improvement, inculcating of practical skills and an unwavering commitment to academic quality. We also believe that education must relate to there a world environment and be able to contribute to the society. IET facilitates its students to acquire a holistic approach , coupled with inner merit, will transform them into citizens with vision, a deep sense of ethics so as to help them discharge their societal responsibilities.

Constituent Departments of Institute of Engineering & Technology-

- (i) Department of Computer Engineering & Applications (CE & A)
- (ii) Department of Electrical and Electronics Engineering (EEE)
- (iii) Department of Mechanical Engineering (ME)
- (iv) Department of Civil Engineering (CE)

(i) Department of Computer Engineering & Applications

The Department of Computer Engineering & Applications offers vibrant environment of graduate, post graduate education and research, it was established in 2007 and is one of the earliest department in Mangalayatan University.

The Department has well qualified faculty members from distinguished Universities/Institutes and well equipped laboratories. The Department is committed to promoting excellence and developing knowledge relevant to the latest technological development. The Department at Mangalayatan University comes under the aegis of Institute of Engineering & Technology. The Department has distinction of initiating specialized computer based training systems aimed at raising the quality of its student employability. It's proven truth that computer science has dynamism in nature where innovation & enhancements are being done at quick pace. In order to provide the latest learning Technological Platforms, department took a leap forward.

Vision

To prepare computer professionals to cater to the needs of technological society for holistic development of nation keeping in view future needs to emerge as a world leader in the field of computer science and technology by imparting quality education, training and hand-on practice.

Mission

- To prepare students to be continuous learners in a connected world.
- To impart high standard value-based education in all aspects of Computer Engineering and Applications through the state of art infrastructure and innovative approach.
- To inculcate professional behavior, strong ethical values and leadership abilities

Program Offered:

- ❖ Bachelor of Technology (Computer Science Engineering)
Eligibility: 50% Marks in PCM/PCSM in 10+2
Selection criteria: Mangalayatan University Entrance Test / Any National/State Entrance Test & Personal Interview
- ❖ Bachelor of Technology (Computer Science Engineering) - Lateral Entry
Eligibility: 50% Marks in Diploma in Engineering or B.Sc. with Mathematics

Selection criteria: Mangalayatan University Entrance Test / Any National/State Entrance Examination / Merit based on Marks in Qualifying Exam & Personal Interview

- ❖ Master of Technology (Computer Science Engineering)
Eligibility: 50% Marks in B. Tech. in the relevant specialization
Selection criteria: Mangalayatan University Entrance Test / Any National/State Entrance Examination / GATE & Personal Interview.
- ❖ Ph.D.
Eligibility: 55% Marks in M. Tech. in the relevant specialization
Selection criteria: Mangalayatan University Entrance Test / UGC-NET / GATE and Personal Interview
- ❖ B.C.A.
Eligibility: Eligibility: 50% Marks in PCM/PCSM in 10+2
Selection criteria: Mangalayatan University Entrance Test/ Any National/ State Entrance Test
- ❖ Bachelor of Science in Information Technology - (B.Sc. IT)
Eligibility: 50% Marks in PCM/PCSM in 10+2
Selection criteria: Mangalayatan University Entrance Test/ Any National/ State Entrance Test
- ❖ MSc in Information Technology (M.Sc.IT)
Eligibility: 50% Marks in Bachelor's degree in relevant disciplines like BSc in IT/ CS, BCA, BE/ BTech in IT or CS from a recognized university
Selection criteria: Mangalayatan University Entrance Test/ Any National/ State Entrance Test
- ❖ Post Graduate Diploma in Computer Application (PGDCA)
Eligibility: 50% Marks in Graduation
Selection criteria: Mangalayatan University Entrance Test/ Any National/ State Entrance Test

Lab Facilities

Department Laboratories equipped with following items:

1. Equipment's: Well-furnished labs having 150 machines with internet facility.
2. Hardware: 2 printers, 10 motherboards, toolkit, card etc.
3. Software: Window XP, My SQL, MS- Office, Visual studio, Open source software's etc
4. Six computer labs and one hardware lab Governance committee for 2017-18 Curriculum Development

(ii) Department of Electrical & Electronics Engineering

The Department of Electrical & Electronics Engineering offers a vibrant environment of graduate, post graduate education and research; it was established in 2007 as two distinctive branches of engineering namely Department of Electronics & Communication Engineering and Department of Electrical Engineering at the Institute of Engineering & Technology. Within the ambit of interdisciplinary and interdependent nature of both the Departments, Department of Electrical & Electronics Engineering was shaped by merging the two Departments in the year 2017.

The Department has well qualified faculty members from distinguished Universities/Institutes and well equipped laboratories i.e., Electronics Engineering Lab, Analog Devices and Circuits Lab, Digital Electronics Lab, Linear Integrated Circuits Lab, Communication Systems Lab, Microwave Engineering Lab, Automation Lab, Microprocessor and Applications Lab, Electrical Engineering Lab, Networks Systems Lab, Measurement and Instrumentation Lab, Electrical Machines Lab and Control Engineering Lab etc. The Department of Electrical & Electronics Engineering has distinction of initiating specialized computer based training of electronic and communication systems aimed at raising the quality of its student employability.

Vision

To impart quality technical education in electrical, electronics & communication engineering and emphasizing analysis, design/synthesis and evaluation of hardware / software / electrical machines, using various electronic and electrical tools with accent on creativity, innovation and research.

Mission

- To impart quality education in fundamentals of basic sciences, mathematics, electrical, electronics and communication engineering through innovative teaching-learning processes.
- To develop Graduates define, design, and solve engineering problems in the field of electrical, electronics and communication engineering using various electrical and electronic tools.
- To encourage research culture among faculty and students thereby facilitating them to be creative and innovative through constant interaction with R & D organizations and Industry.
- To inculcate teamwork, imbibe leadership qualities, professional ethics and social responsibilities in students and faculty members.

Program Offered:

- ❖ **Bachelor of Technology** (Electronics & Communication Engineering)
Eligibility: 50% Marks in PCM/PCSM in 10+2
Selection criteria: Mangalayatan University Entrance Test / Any National / State Entrance Test & Personal Interview.
- ❖ **Bachelor of Technology** (Electrical Engineering)
Eligibility: 50% Marks in PCM/PCSM in 10+2
Selection criteria: Mangalayatan University Entrance Test / Any National / State Entrance Test & Personal Interview.
- ❖ **Master of Technology** (Electronics & Communication Engineering)
Eligibility: 50% Marks in B.Tech. in the relevant specialization
Selection criteria: Mangalayatan University Entrance Test / Any National / State Entrance Examination / GATE & Personal Interview.

**Ph.D.****Eligibility:** 55% Marks in M. Tech. in the relevant specialization**Selection criteria:** Mangalayatan University Entrance Test / UGC-NET / GATE and Personal Interview**Infrastructure of Laboratories**

S.N.	Lab Name	Specifications
1	Electronics Engg. Lab	Electronics Components: Diode, Transistor, CRO, Electrical Circuits
2	Electrical Engg. Lab	Electrical Components
3	Microprocessor and Applications Lab	8085 & 8086 Microprocessor Kits
4	Mechatronics Lab	PLC trainer Kits, Water level module, Traffic Light Simulator
5	Microwave Engineering Lab	Antennas, Microwave Benches and Devices
6	Workshop PCB Designing Lab	Copper board and Chemicals with different machines, Explorer, U.V. Rays Machine and Drill Machine etc
7	Optical Communication Lab	Optical Signal based Kits
8	Digital Electronics Lab	Logic Circuits and ICs
9	Analog Devices and Circuits Lab	Amplifiers, Oscillators Kits etc.
10	Embedded Systems Lab	Microcontroller 8051 etc.
11	Circuits and Systems	Superposition Theorem Kits, Electrical Circuits etc.
12	Electrical Machines-I	DC Shunt Generator, DC Motors and Transformers etc.
13	Electrical Machines-II	Induction Motor and Generator, Synchronous Motor etc.
14	Electrical Machine and Drives	Microcontroller based Motor, MOSFET based Chopper Motor Controllers etc.
15	Power Electronics	Function Generator, Universal Motor, DIACE Characteristics Kits
16	Control Engineering-I	PID Controller Kits, Magnetic Amplifiers Kits
17	Control Engineering-II	Microprocessor Kits, Relay Control System
18	Power Systems-I	Earth Tester, Major Earth resistance, ABCD Parameters.
19	Power Systems-II	Under Voltage Relay, IDMT Over Current Relay
20	Electrical Measurements and Instrumentation	Kelvin Double Bridge Kits , Maxwell Bridge Kits
21	Utilization of Energy lab	DC Series Motors , Different Light Source etc.

(iii) The Department of Mechanical Engineering

The Department of Mechanical Engineering in Institute of Engineering & Technology (IET) started its journey in the year 2010. The department is vibrant with several activities round the year. Department of Mechanical Engineering is exceeding to promote knowledge and developing skills that are relevant to the latest technologies. Students of our department are always motivated for getting ideas about the new technologies developing around the world. Mechanical Engineering is always considered as the mother of all modern engineering technologies. Today, as the single largest department in IET which is well-equipped with 18 laboratories like Hydraulic Machines, Heat Transfer, IC Engines, Refrigeration & Air-conditioning etc. It attracts and features an extra ordinary rich diversity of 500 graduates and a several number of post graduates alumni. Furthermore, for improving knowledge, students must get some

practical exposure along with the theoretical concepts. For this, the department is pioneering job oriented training in Industries for the students. The department is having a strong team of self-motivated young and dynamic faculty members.

Vision

To be recognized globally for outstanding education and research leading to generate well qualified engineers, who are innovative, entrepreneurial and successful in advanced fields of mechanical engineering to cater the ever changing industrial demands and societal needs.

Mission

- To imparting highest quality education to the students to build their capacity and enhancing their skills to make them globally competitive mechanical engineers.
- To maintaining state of the art research facilities to provide collaborative environment that stimulates faculty, staff and students with opportunities to create, analyze, apply and disseminate knowledge.
- To develop alliances with world class research centres, educational institutions, industry and alumni for excellence in teaching, research and consultancy practices.
- To provide the students with academic excellence, leadership, ethical guidelines and lifelong learning needed for a long productive career.

Program Offered:

- ❖ **Bachelor of Technology** (Mechanical Engineering)
Eligibility: 50% Marks in PCM/PCSM in 10+2
Selection criteria: Mangalayatan University Entrance Test / Any National / State Entrance Test & Personal Interview.
- ❖ **Bachelor of Technology** (Mechanical Engineering) - Lateral Entry
Eligibility: 50% Marks in Diploma in Engineering or B.Sc. with Mathematics
Selection criteria: Mangalayatan University Entrance Test / Any National / State Entrance Examination / Merit based on Marks in Qualifying Exam & Personal Interview.
- ❖ **Master of Technology** (Mechanical Engineering)
Eligibility: 50% Marks in B. Tech. in the relevant specialization
Selection criteria: Mangalayatan University Entrance Test / Any National / State Entrance Examination / GATE & Personal Interview.
- ❖ **Ph.D.**
Eligibility: 55% Marks in M. Tech. in the relevant specialization
Selection criteria: Mangalayatan University Entrance Test/ /GATE and Personal Interview

(iv) Department of Civil Engineering

The Department of Civil Engineering offers a vibrant environment of graduate, post graduate education and research, it was established in 2009 and is one of the earliest department in Mangalayatan University.

The Department has well qualified faculty members from distinguished Universities/Institutes and well equipped laboratories viz; Building material testing, Strength of materials, Soil mechanics, Transportation engg., Surveying & Geomatics, Geology, Concrete structures, Drawing & Estimation Engineering Lab etc. Despite being one of FET youngest department since it has one of the largest students base. The M.Tech. programme in Environmental Engg. has been commenced from the academic year 2015-16 & also Hydraulic Structures in 2019-20.

Vision:

The Department of Civil Engineering endeavors to be recognized globally for outstanding education and research, leading to well qualified engineers who are innovative, entrepreneurial and successful in advanced fields of Civil Engineering to cater for the ever-changing construction industry demands and social needs.

Mission:

- To inculcate teamwork, imbibe leadership qualities, professional ethics and social responsibilities in students and faculty.
- To provide knowledge based consultancy services to the community in the areas of civil engineering.
- To create a spirit of involvement in research by developing center of excellence in the field of civil engineering and allied research by long term interaction with industry.

Program offered:

- ❖ **Bachelor of Technology (Civil Engineering)**
Eligibility: 50% Marks in PCM/PCSM in 10+2
Selection criteria: Mangalayatan University Entrance Test / Any National / State Entrance Test & Personal Interview.
- ❖ **Bachelor of Technology (Civil Engineering) - Lateral Entry**
Eligibility: 50% Marks in Diploma in Engineering or B.Sc. with Mathematics
Selection criteria: Mangalayatan University Entrance Test / Any National / State Entrance Examination/ Merit based on Marks in Qualifying Exam & Personal Interview.
- ❖ **Master of Technology (Civil Engineering)**
Eligibility: 50% Marks in B. Tech. in the relevant specialization
Selection criteria: Mangalayatan University Entrance Test / Any National / State Entrance Examination/GATE & Personal Interview
- ❖ **Ph.D.**
Eligibility: 55% Marks in M. Tech. in the relevant specialization
Selection criteria: Mangalayatan University Entrance Test / UGC-NET / GATE and Personal Interview

(b) Institute of Applied Sciences (IAS)

The Department of Physics, Chemistry and Mathematics came into existence in 2007 itself with the establishment of the Mangalayatan University. All these departments were flourishing under the governance of the Institute of Engineering and Technology and they get merged into a single unit named Institute of Applied Sciences in 2015. The Institute offers three undergraduate (Honours) and three post-graduate programs in addition to doctoral programs in all the three streams. Besides nurturing the students of the institute's core programs, it offers the academic requisites (Theory and Practical facilities) in Physics, Chemistry and Mathematics for the students of various diploma and degree courses (Bachelor of Technology, Diploma in Engineering, B. Sc. in Biotechnology, Diploma in Pharmacy, Bachelor in Pharmacy, B. Sc. in Agriculture, etc.).

Institute has a team of highly qualified and dedicated faculty members, who became a part of the Institute after completing their doctoral degrees from renowned State & Central Universities and IITs' with a dedication to reach this University at its zenith in the field of academics.

Vision

To impart quality education in the field of science and to make the young students and the faculty with character, caliber and scientific temper, capable of playing a leading role at the national and global level.

Mission

- To cater and ensure excellent theoretical and practical training through teaching, counseling, and mentoring with a view to achieve professional and academic excellence.
- To connect with industry and incorporating knowledge for research enhancement.
- To generate, disseminate and preserve knowledge for the benefit and betterment of society.

Programs Offered:

- ❖ **Bachelor of Science (With Hons.)**
Eligibility: 50% Marks in PCM/PCSM in 10+2 or Equivalent
Selection criteria: Merit based on marks in qualifying exam.
- ❖ **Master of Science (Physics)**
Eligibility: 50% Marks in B. Sc. or Equivalent
Selection criteria: Merit based on marks in qualifying exam
- ❖ **Master of Science (Chemistry)**
Eligibility: 50% Marks in B. Sc. or Equivalent
Selection criteria: Merit based on marks in qualifying exam
- ❖ **Master of Science (Mathematics)**
Eligibility: 50% Marks in B. Sc. or Equivalent
Selection criteria: Merit based on marks in qualifying exam

19. NON-ACADEMIC UNITS OF MANGALAYATAN

A. The Central Library

The Central Library occupies a place of pride in Mangalayatan University (MU) and is an essential component of the Institute's outstanding research and education mission. It serves as a creative and innovative partner in supporting teaching, learning and research activities of the Institute. It is the most lively place on the campus providing a conducive environment that enables learning and advancement of knowledge and promotes discovery. The pleasant ambience and the well-furnished library with spacious

reading rooms create an atmosphere of serenity and thereby inspire intellectual stimulation and research. The Library stacks over 37,000 books and subscription to about 100 International and National journals and periodicals. With the fast-growing collection, both in digital and print form using the state-of-the-art facilities, the Library is contributing to the University's mission of becoming a world class Institute. The collection of the Library is rich and diverse, especially in terms of the breadth and depth of coverage. Collection encompasses subjects in Engineering & Technology, Management, Bio Medical Education & Research, Applied Sciences, Law, Mass Media, Humanities and related areas. This collection includes Books, Research Journals, Project Reports/Dissertations, CDs etc. Library provides the access to various electronic resources to the bonafide members in various disciplines. The databases of electronic resources are constantly reviewed and updated according to the growing needs of the Mangalayatan University (MU) community. Orientation programmes to use of digital information resources are periodically conducted. The Prof. J. L. Jain (FH) is the chairman of Library Advisory Committee.

B. Computer System Department (CSD)

Established in 2008 as Information Services Department to look after the Computers and the Peripherals in the University, the name was changed to Communication Services as the scope of the functions were expanded to include Intra-Network and Internet, Mobile, eMail and EPABX services. The University has 1GbPS shared internet connection on fibre from BSNL under the MHRD National Knowledge Network scheme. We also have a 30MbPS leased fibre connection from Reliance Telecom through M/s U.P. Infomax Ltd for standby operation.

Functionalities

- (a) Maintenance / repair of Computer systems and peripherals.
- (b) Installation & Maintenance of the Intranet.
- (c) Management of Internet & access control.
- (d) Planning & purchase of Servers, Laptops, Printers, Spares and other accessories.
- (e) Manage EPABX services.
- (f) CCTV

C. Enterprise Resource Planning (ERP)

In academics, University automated the Time Table of all Institutes across the University, Students portal has been automated in which all the information/reports of Time Table, Attendance, Marks etc. are available to the students. University automated the admission process which helps in keeping track of admissions and reports related to them.

Examinations: Implemented Grading system for marks in Examination as per the requirements of Examination Cell. Marks and Results process have been automated. Apart from this Seating Arrangement for various exams have also been automated which have reduced manual work to a greater extent. ·

Official: Automated the process of HR and are currently working to automate the process of Student's Finance.

Activities: Initiated "Programmers Club" an initiative to enhance the Programming capabilities of students and to give exposure to the practical aspects of the Projects. In this we have recognized some students and guiding them for Live Projects which will be useful for University as well. Some of the Projects on which students are currently working are: Alumni Association, Android App for University.

Projects: Undertaken a Project from Sikkim Government to automate Welfare Schemes implemented by State Government and also included students of Final year as it will help them in learning and acquiring things form experience of working on a live project.

D. Hostel

The beautifully constructed students hostel, Sumangalam Hostel, at Mangalayatan University houses more than 600 students. It offers single, double and triple sharing rooms at varying rates, as per choice and availability. Located right next to the university sports facilities, the hostel is a picture of action and festivity on most days. There are fully sequestered, secluded residential areas for boys and girls. The hostel has its own housekeeping staff, with an uninterrupted supply of regular water and purified drinking water. It has round-the-clock security, with a team of wardens (both male and female) and the proctor staying within the hostel premises. The hostel has separate gym facilities for girls and boys, as well as a common set of TT tables for recreation purposes. It is equipped with a dedicated Television Room and lounge. It is also fully Wi-Fi- enabled. One floor of the hostel consists exclusively of amenities, including a basic grocery shop, a saloon and laundry facilities.

One of the most remarkable features of the hostel is its Open- Air Theatre. It is the venue for several formal and informal hostel functions, a key to keeping campus life brimming with energy. The first-year boys' hostel came into existence in 2013, with a capacity of nearly 400, with its own warden and security team. Apart from sharing the residential load, this hostel was established with the acclimatization and security of new students in mind. The hostel has all the requisite facilities, apart from the centralized facilities at Sumangalam that are accessible to first year students.
