Executive Summary

Introduction

Mangalayatan University (MU) has been created under "The Mangalayatan University, Uttar Pradesh Act, 2006" and notified by the Government of Uttar Pradesh as Act No. 32 of 2006, by its Gazette No. 362/VII-V-1-1(Ka)-12/2006 dated October 30, 2006, with the right to provide higher education under section 2f of UGC Act 1956 and authorized to award degrees specified in section 22 of UGC Act. The UGC inspected the University during May 12-14, 2011 and validated the above empowerment vide F. No. 9-6/2007(CPP-I/PU) dated Feb 8, 2012. The University is a member of Association of Indian Universities (AIU) as approved vide AIU letter numbering MEET/87/AM/BS/2013/, dated Aug 5, 2013. All programs offered by the University have regulatory approval by regulatory authorities like UGC, National Council for Teacher Education (NCTE), Bar Council of India (BCI), Pharmacy Council of India (PCI) and National Commission for Indian System of Medicine (NCISM). The University is also an active member of the Association of Indian Universities (AIU).

The University has been promoted by Acharya Kundkund Educational Society. The Chairman of the Society Shri Hemant Goyal, an industrialist, is the Chairman of the Board of Management of the University.

The University has 72-acres lush green campus with all the infrastructural requirements of the programmes of study. The University has 300+ faculty members and 4500+ students within the campus.

The University has 21 Academic Units which conduct the various educational and professional programmes at Under-Graduate, Post-Graduate, Doctoral and Diploma level in the various disciplines of Engineering & Technology, Vocational Education, Biotechnology, Physics, Chemistry, Mathematics, Ayurveda, Forensic Science, Agriculture, Management, Commerce, Arts & Social Sciences, Library & Information Sciences, Education, Law, Journalism & Mass Communication, Hotel Management, Visual & Performing Arts, Pharmacy, Nursing, Paramedical Sciences duly recognized/approved by concerned statutory/regulatory bodies. The University also offers the various programmes in Open & Distance Learning and Online mode duly approved by Distance Education Bureau, UGC.

The University has active memorandum of understanding and linkage with more than 25 institutions and industries to enrich educational & research environment at the University and make the experience relevant and contemporary to the faculty members and students.

National Accreditation Assessment Council (NAAC) has assessed the University and accredited with

NAAC A+ Grade (3.34 CGPA) in its first cycle in 2023. The University has also been declared “Minority Institution” by National Commission for Minority Educational Institutions, Govt. of India in 2022. The University and its faculty members have been awarded by various bodies for the academic excellence and achievements.

The University has ICT enabled class rooms and laboratory facilities as per need of industry oriented curriculum of the programmes which get updated based on the feedback/inputs of various stakeholders (Students, External Experts, Employers, Parents and Alumni). The University has separate Hostels for boys and girls, Mess and Canteen facilities, Auditoriums, Amphitheatres, Indoor and Outdoor games & Sports facilities, Gymnasium, 350 bedded Hospital, Security Systems etc.

The Main focus of the University is to provide the academic environment to the students for their holistic development through various curricular and co-curricular activities with world class teaching-learning and skill trainings.

Student initiatives like Kadam, NSS and Red Cross do work in the nearby village areas in the fields of education, hygiene, health and environmental awareness. Over the years, companies such as Infosys, HCL, ICICI Lombard, the Indian Armed Forces (Army, Navy and Air Force), HDFC Life, Johnson & Johnson, R Systems, Manhattan Associates, HDFC Bank and several others have been part of our placements.

The Vision

“To be an institution where the most formative years of a young mind are spent in the guided pursuit of excellence while developing a spirit of inquisitive questioning, an ability to excel in the pressure of a fast-changing professional world, and a desire to grow into a personality than a person, in an environment that fosters strong moral and ethical values, teamwork, community service and environment consciousness.”

The Mission

- To be the enablers of a confluence of academic rigor and professional practicality.
- To bring global best practices to students through widespread use of technology.
- To empower faculty to constantly develop new skills and excel professionally.
- To provide the best campus environment to students and faculty with all facilities to nurture their interests.

Quality Policy

MU believes that the quality of education is defined by its most important stake holders- students, prospective employers and the society. To this end MU commits itself to:

- Deliver education consistent with the needs of business and society;
- Continuously innovate education processes to keep them comparable with the best in class;

- Design curriculum to ensure that the creativity and innovative capacity of students are continuously enhanced;
- Attract, develop and retain highly competent faculty members;
- Develop systems for ensuring quality of student intake; and
- Continuously monitor the quality of output through structured feedback

Objectives of University

To disseminate and advance knowledge by providing instructional, research & extension facilities and endeavour to provide necessary atmosphere and ambience to students and teachers for the promotion of:

- Learning in its student body and in society;
- Knowledge through teaching scholarly research and scientific investigation;
- Cultural and social life of society, while fostering and respecting the diversity of the university;
- Capacity for independent critical thinking amongst its students;
- Support and contribution to realization of nation, economic and social development;
- Highest standard in quality of teaching and research;
- Lifelong learning; and
- Gender balance and equality of opportunity among students and employees of the university.

Short Term Goals

- To integrate infrastructure and support facilities for optimal utilization by the stakeholders.
- To strengthen system for improving the employability of students by imparting industry-driven and need-based education.
- To monitor and assess quality indicators for continually raising the level of satisfaction among stakeholders.
- To establish Research & Development/Incubation Center for nurturing research culture in the University.
- To organize FDP for providing round-the-year induction training and refresher programs.

Long Term Goals

- To create synergetic partnership among industry, research labs and the academic institutions and meeting their emerging demands.
- To create facilities for improvement of the competencies of faculty.
- To promote R&D culture in the University, and provide professional work environment.
- To establish an incubation center for identified industry.
- To create testing and consulting facilities at a large scale.
- To establish copyright, patent and Legal Cell for providing guidance.
- To establish active linkages at National & International level with the institutions, industry and economy through bilateral activities.
- To strive for international recognition of Mangalayatan University as a center for research and training

MESSAGE FROM THE CHANCELLOR

The world of knowledge is now borderless thanks to the growing use of new technologies and emerging globalization trends. Academics must now put a lot of effort into creating a skilled workforce that is ready for new challenges. With the goal of achieving acclaim, Mangalayatan University has started this process.

Mangalayatan University will soon enter its 18th year of existence. The Mangalayatan University's 17th glorious years of progress and enormous accomplishments bear witness to its success story. Mangalayatan University continues to demonstrate its commitment to ongoing academic development and transformation through cutting-edge facilities, cutting-edge programs, and a vibrant intellectual leadership that is shaping innovative educational methods.

I want Mangalayatan University's faculty and students to set high goals and seize every opportunity to develop professionally, spiritually, emotionally, and intellectually. I wish the Mangalayatan family a bright future and commend their accomplishments.

Achyutanand Mishra
Chancellor

MESSAGE FROM THE CHAIRMAN

Every country's development is gauged by its higher education system. Higher education stands out as the crucial component in India's current situation, where the country is poised to experience unparalleled growth and development. As responsible citizens, we all have the chance to influence this variable. Today, in order to create a truly skilled, forward-thinking, and responsible Indian citizenry, industry, academia, and the general public must work together to share each other's knowledge, enthusiasm, and devotion. In keeping with this philosophy, Mangalayatan University has concentrated on giving its students a comprehensive and relevant education in a setting that fosters values, respect for others, and cooperation.

Students at Mangalayatan University are currently sharpening their technical abilities for employment in the best public and private sector firms while also preparing for tests like GATE, CAT, GRE, and TOEFL. Our undergraduate programs' general awareness and knowledge-intensive skill-based courses have helped to significantly broaden the scope of our professional preparation strategy. It is undeniable that the upcoming class of Mangalayatan students is developing into a ready and goal-oriented generation of young people who will be a source of pride for their families, their alma mater, and society.

We firmly believe that our beautiful, lush, green, 70-acre campus contains the best of each of these elements in this day and age, when a college aspirant and his parents must worry about the program of study, the learning environment, the quality of guidance, the relevance of the program to the outside world, and the overall quality of the living environment. We cordially invite you, dear students, and your parents, to enter our building, engage with our outstanding teachers, and experience the upbeat and lively atmosphere at Mangalayatan University.

Hemant Goyal

Chairman

Mangalayatan University, Aligarh

MESSAGE FROM THE VICE CHANCELLOR

Mangalayatan University, in our opinion, is the "Gurukul of Global Education." Here, we strive to create temperaments that belong in a future that I can't even begin to imagine by carefully blending ideals with international professional talents.

By encouraging students to enroll in educational programs, the University has taken a significant step toward realizing its vision since its inception. The focus imagines both safeguarding against the temptations of disruptions and manipulating the time on campus to revitalize classroom learning.

While education in Mangalayatan's Programs emphasizes the significance of multiple exposures in the complete development of personality, the age range of the targeted students necessitates that these multiple exposures be integrated with formal studies. I am encouraged by the fact that Mangalayatan Programs' curriculum was developed through a rigorous counseling process with subject matter experts, business leaders, and behavioral trainers. The most notable aspects of these programs include the expectation that blended classroom learning will provide a theoretically and practically comprehensive educational experience by integrating mandatory participation in sports/culture and extracurricular activities.

The new strategic plan is changing, and during this time, our students will get a lot of technology-aided opportunities and experiences that will help them build a strong academic structure and achieve success. In parallel, we anticipate improving our students' employability and expanding our research potentials in accordance with international standards, practices, and goals.

I warmly invite the bright young candidates to join us on this journey; if we work together, we might bring about the necessary change in society.

Prof. P.K. Dashora

Important Decisions Taken by Statutory Bodies

The University has undertaken several key academic and institutional initiatives to enhance its educational offerings, improve quality assurance, and expand collaborations for the academic session 2023-24. This report highlights the major developments in these areas.

Planning Board:

1. Maintenance and reappropriation of 3rd, 4th, and 5th floors of Sharda Block to be used as hostel.
2. Construction of ground floor and two lecture halls at Amravati Block, each with a seating capacity of 150.
3. Retrofitting the existing 6th and 7th floors of Sharda Block for use as family accommodation.
4. Construction of lightweight infrastructure over the 4th floor of the existing Amravati, Sabarmati, and Mahanadi Blocks is currently in progress.
5. Addition of four new stories to the existing Gomti (Sumangalam) hostel to maximize their housing capacity.
6. Strategic Plan (2023-2024) for the future development of the university.

Governing Body:

1. The composition of the Governing Body has been revised.
2. The Pharmacy Council of India (PCI) approved the Mangalayatan Institute of Pharmaceutical Education and Research (MIPER) on July 8, 2023.
3. The Distance Education Bureau of the University Grants Commission (UGC) approved 12 Open Learning (OL) and 10 Open and Distance Learning (ODL) programs for the 2023-24 academic year and future batches.
4. The 10th Convocation was held on July 4, 2024.
5. The construction of a connecting bridge between Amravati and Sabarmati Blocks, along with two additional floors for academic activities.
6. The construction of a G+4 structure in Amravati (A) Block, integrating it with the existing A Block, is underway.
7. The development of lightweight infrastructure over the top floor of the existing Amravati, Sabarmati, and Mahanadi Blocks.
8. The addition of four new stories to the existing Gomati (Sumangalam) hostel and two stories to Sharda Block to maximize housing capacity is currently being implemented.
9. The construction of three new multi-story buildings for academic activities, as per the master plan.

Academic Council:

1. MOOCs Courses Implementation from platforms such as SWAYAM, NPTEL, and Course EDGE will be integrated into the curriculum for the odd semester of the academic session 2024-25.

2. Adoption of Four-Year Undergraduate Program (FYUGP), In compliance with UGC guidelines, the University will implement the Four-Year Undergraduate Program (FYUGP) from the academic session 2024-25 for courses including B.A., B.B.A., B.Com., B.Sc., B.C.A., BA-J.M.C., B.H.M., and B.Sc.-BT.

3. **ACADEMIC INSTITUTES AND DEPARTMENTS AND OTHER UNITS**

A. FACULTY OF ENGINEERING & SCIENCES

a) FACULTY OF ENGINEERING & TECHNOLOGY

The Faculty of Engineering and Technology offers Undergraduate and Postgraduate programs in the disciplines of Electrical Engineering, Computer Science Engineering, Mechanical Engineering, Civil Engineering, Electronics Engineering and Diploma in Engineering etc. The Curriculum of each program has been designed by the top academicians along with significant industry inputs from reputed industrialist, enabling students to get exposure to the latest technologies and industry trends. Our primary motive is Engineering with Ethos and Quality Teaching with a Quest for Excellence

The faculty also has a structured mentorship program where the students of all streams are guided and mentored as dutiful citizens with a sense of responsibility towards the society, in addition to the professional knowledge. The mentoring program also monitor's the student's progress and at the same time provides adequate information to the parents.

Constituent Departments of Institute of Engineering & Technology-

- (i) Department of Computer Engineering & Applications (CE & A)
- (ii) Department of Electrical and Electronics Engineering (EEE)
- (iii) Department of Mechanical Engineering (ME)
- (iv) Department of Civil Engineering (CE)

(i) Department of Computer Engineering & Applications

The Department of Computer Science and Engineering offers vibrant environment of undergraduate, postgraduate education and research, I was established in the year 2007 and is one of the earliest departments in Mangalayatan University.

The Department has well qualified faculty members from distinguished Universities/Institutes and well equipped. Laboratories. The Computer Science & Engineering department is committed to promoting excellence and developing knowledge relevant to the latest technological development. The department of Computer Science & Engineering at Mangalayatan University comes under the aegis of Institute of Engineering & Technology. The Department of Computer Science and Engineering has distinction of initiating specialized computer based training systems aimed at raising the quality of its student employability. It's a proven truth that computer science has dynamism in nature where innovation & enhancements are being done at quick pace. In order to provide the latest learning Technological Platforms, department took a leap forward.

Vision

To prepare computer professionals to cater to the needs of technological society for holistic development of nation keeping in view future needs to emerge as a world leader in the field of computer science and technology by imparting quality education, training and

hand-on practice.

Mission

- To prepare students to be continuous learners in a connected world.
- To impart high standard value-based education in all aspects of Computer Engineering and Applications through the state of art infrastructure and innovative approach.
- To inculcate professional behavior, strong ethical values and leadership abilities

Program Offered:

- ❖ **Bachelor of Technology (Computer Science Engineering)**
- ❖ **Bachelor of Technology (Computer Science Engineering) - Lateral Entry**
- ❖ **Master of Technology (Computer Science Engineering)**
- ❖ **Ph.D.**
- ❖ **B.C.A.**
- ❖ **Bachelor of Science in Information Technology - (B.Sc. IT)**
- ❖ **MSc in Information Technology (M.Sc.IT)**
- ❖ **Post Graduate Diploma in Computer Application (PGDCA)**

Lab Facilities

Department Laboratories equipped with following items:

1. Equipment's: Well-furnished labs having 150 machines with internet facility.
2. Hardware: 2 printers, 10 motherboards, toolkit, card etc.
3. Software: Window XP, My SQL, MS- Office, Visual studio, Open source software's etc
4. Six computer labs and one hardware lab Governance committee for 2017-18 Curriculum Development

(ii) Department of Electrical & Electronics Engineering

The Department of Electrical & Electronics Engineering offers a vibrant environment of graduate, post graduate education and research. The Department was established in the year 2007 as two distinctive branches of engineering namely Department of Electronics & Communication Engineering and Department of Electrical Engineering at the Institute of Engineering & Technology. Within the ambit of interdisciplinary and interdependent nature of both the Departments. Department of Electrical & Electronics Engineering was shaped by merging the two Departments in the year 2017.

Vision

To impart quality technical education in electrical, electronics & communication

engineering and emphasizing analysis, design/synthesis and evaluation of hardware / software / electrical machines, using various electronic and electrical tools with accent on creativity, innovation and research.

Mission

- To impart quality education in fundamentals of basic sciences, mathematics, electrical, electronics and communication engineering through innovative teaching-learning processes.
- To develop Graduates define, design, and solve engineering problems in the field of electrical, electronics and communication engineering using various electrical and electronic tools.
- To encourage research culture among faculty and students thereby facilitating them to be creative and innovative through constant interaction with R & D organizations and Industry.
- To inculcate teamwork, imbibe leadership qualities, professional ethics and social responsibilities in students and faculty members.

Program Offered:

- ❖ **Bachelor of Technology** (Electronics & Communication Engineering)
- ❖ **Bachelor of Technology** (Electronics & Communication Engineering)-Lateral Entry
- ❖ **Master of Technology** (Electronics & Communication Engineering)
- ❖ **Ph.D.**

Infrastructure of Laboratories

S.N.	Lab Name	Specifications
1	Electronics Engg. Lab	Electronics Components: Diode, Transistor, CRO, Electrical Circuits
2	Electrical Engg. Lab	Electrical Components
3	Microprocessor and Applications Lab	8085 & 8086 Microprocessor Kits
4	Mechatronics Lab	PLC trainer Kits, Water level module, Traffic Light Simulator
5	Microwave Engineering Lab	Antennas, Microwave Benches and Devices
6	Workshop PCB Designing Lab	Copper board and Chemicals with different machines, Explorer, U.V. Rays Machine and Drill Machine etc
7	Optical Communication Lab	Optical Signal based Kits
8	Digital Electronics Lab	Logic Circuits and ICs
9	Analog Devices and Circuits Lab	Amplifiers, Oscillators Kits etc.
10	Embedded Systems Lab	Microcontroller 8051 etc.
11	Circuits and Systems	Superposition Theorem Kits, Electrical Circuits etc.

12	Electrical Machines-I	DC Shunt Generator, DC Motors and Transformers etc.
13	Electrical Machines-II	Induction Motor and Generator, Synchronous Motor etc.
14	Electrical Machine and Drives	Microcontroller based Motor, MOSFET based Chopper Motor Controllers etc.
15	Power Electronics	Function Generator, Universal Motor , DIACE Characteristics Kits
16	Control Engineering-I	PID Controller Kits , Magnetic Amplifiers Kits
17	Control Engineering-II	Microprocessor Kits , Relay Control System
18	Power Systems-I	Earth Tester, Major Earth resistance, ABCD Parameters.
19	Power Systems-II	Under Voltage Relay, IDMT Over Current Relay
20	Electrical Measurements and Instrumentation	Kelvin Double Bridge Kits , Maxwell Bridge Kits
21	Utilization of Energy lab	DC Series Motors , Different Light Source etc.

(iii) The Department of Mechanical Engineering

Department of Mechanical Engineering has started its journey in the year 2010. Over the last twelve years, the department has grown its expertise and competence in the core Mechanical Engineering curriculum and research. Till now about one thousand students of B. Tech. and Diploma in Engineering jointly have successfully carried out in the programs. Department of Mechanical Engineering offers M. Tech. (Production Engineering), B-Tech ME (4 Years). B. Tech ME (Lateral Entry). Diploma in Engineering (Mechanical Engineering & Automobile Engineering -3 Years, Diploma in Engineering (Mechanical Engineering & Automobile Engineering Lateral Entry) programs. The department has a distinguished record in teaching and research. Faculty members have excellent academic credentials. The faculty has come from various institutions of national and international repute. The department is enriched with modern equipment's with well-furnished laboratories such as Vibrations, Refrigeration & Air- conditioning, Fluid Mechanics & Machines, Metrology & Measurement. Kinematics & Dynamics of Machines Mechanics of Solids, Heat Transfer & IC Engines Lab and also a significant workshop. These modernized labs help students in enhancing hands-on experiences.

Vision

To be recognized globally for outstanding education and research leading to generate well qualified engineers, who are innovative, entrepreneurial and successful in advanced fields of mechanical engineering to cater the ever changing industrial demands and societal needs.

Mission

- To imparting highest quality education to the students to build their capacity and enhancing their skills to make them globally competitive mechanical engineers.
- To maintaining state of the art research facilities to provide collaborative environment that stimulates faculty, staff and students with opportunities to create, analyze, apply and disseminate knowledge.
- To develop alliances with world class research centres, educational institutions, industry and alumni for excellence in teaching, research and consultancy practices.
- To provide the students with academic excellence, leadership, ethical guidelines and lifelong learning needed for a long productive career.

Program Offered:

- ❖ **Bachelor of Technology** (Mechanical Engineering)
- ❖ **Bachelor of Technology** (Mechanical Engineering) - Lateral Entry
- ❖ **Master of Technology** (Mechanical Engineering)
- ❖ **Ph.D.**

Laboratories

	LABS CODE	NAME OF LABS

SEM.	ME-854	Automobile engineering lab
	ME-891	Project (Part II) and seminar

(iv) Department of Civil Engineering

The Department of Civil Engineering was established in the year 2009.10. The Department is equipped with eight Laboratories viz - Building Material Testing, Engineering Geology. Strength of material. Soil Mechanics Transportation Engineering, Surveying, Concrete Structures. Geomatics (Advance Surveying) Laboratories

Vision:

The Department of Civil Engineering endeavors to be recognized globally for outstanding education and research, leading to well qualified engineers who are innovative, entrepreneurial and successful in advanced fields of Civil Engineering to cater for the ever-changing construction industry demands and social needs.

Mission:

- To inculcate teamwork, imbibe leadership qualities, professional ethics and social responsibilities in students and faculty.
- To provide knowledge based consultancy services to the community in the areas of civil engineering.
- To create a spirit of involvement in research by developing center of excellence in the field of civil engineering and allied research by long term interaction with industry.

Program offered:

- ❖ **Bachelor of Technology (Civil Engineering)**
- ❖ **Bachelor of Technology (Civil Engineering) - Lateral Entry**
- ❖ **Master of Technology (Civil Engineering)**
- ❖ **Ph.D.**

(b) INSTITUTE OF APPLIED SCIENCES (IAS)

Applied science is a discipline that is used to apply existing scientific knowledge to develop more practical applications, for example: technology or inventions in natural science, basic

science for pure science) is used to develop information to explain phenomena in the natural world. This information is then put to use for practical applications through applied science: Applied science is generally engineering, which develops technology although there might be dialogue between basic science and applied science (research and development)

To succeed in the study of the various branches of engineering, the students should begin with a firm basis in mathematics and the natural sciences. Whether applied to a particular branch of engineering or not, the proficiency in mathematics and the natural sciences is a necessary quality for any educated engineer. So, in the formation of a program of study for any engineering student it is important to give a strong foundation to Mathematics and Basic Sciences that form the fundamental building blocks of all engineering activities. A solid understanding of physics is essential to any engineering student for describing all physical phenomena. Knowledge in chemistry is also essential in understanding the atomic, molecular and chemical properties of materials. The students are expected to acquire the skills and awareness that enable them to promote a significant social change for the better and to improve the living standards of communities. So the Institute supports the engineering departments by offering courses in the Basic Sciences. The Institute also offers specialized courses in Physics, Chemistry and Mathematics in the undergraduate, postgraduate and doctoral levels.

Vision

To impart quality education in the field of science and to make the young students and the faculty with character, caliber and scientific temper, capable of playing a leading role at the national and global level.

Mission

- To cater and ensure excellent theoretical and practical training through teaching, counseling, and mentoring with a view to achieve professional and academic excellence.
- To connect with industry and incorporating knowledge for research enhancement.
- To generate, disseminate and preserve knowledge for the benefit and betterment of society.

Programs Offered:

- ❖ **Bachelor of Science (With Hons.)**
- ❖ **Master of Science (Physics)**
- ❖ **Master of Science (Chemistry)**
- ❖ **Master of Science (Mathematics)**
- ❖ **Ph.D. (Physics / Mathematics / Chemistry)**

(c) Department of Agriculture

Highly qualitative and rather prolific agricultural courses of Mangalayatan University (MU) are conducted in its well-resourced and affluent Department of Agriculture at undergraduate and postgraduate level. The Department of Agriculture & a highly significant constituent part of the grand Institute of Bio-Medical Education & Research (IBMER) of the highly prestigious and well-

connected MU. The most popular and admired among the agricultural programs offered by MU are Diploma in Agriculture, Bachelor's Degree in Agriculture, and the Master's Degree in Agriculture Agronomy/Horticulture. Details about these programs, agriculture courses admission 2021, and the eligibility/selection criteria are provided hereunder separately.

Vision

To assure food security to the people of the Republic of India and make agriculture a profitable and attractive enterprise with new innovations and research in the field of Agricultural sciences.

Mission

- To provide high-quality teaching, research and development to the students with the ability to apply fundamental principles of Agriculture sciences.
- To develop a unique academic curriculum designed throughout the interaction with the major stakeholders like industry, NGOs, banks and professional societies.
- To promote research and training on sustainable development of Agriculture production, cost management in farming, farm mechanization, crop and animal husbandry.
- To ensure the increased net farm income to the farmers through various research schemes, innovative programs and welfare measures.

Programs Offered

- ❖ **Bachelor of Science (Agriculture)**
- ❖ **Master of Science (Agriculture)**
- ❖ **Diploma (Agriculture)**

(d) University Polytechnic

Technical Education has achieved sovereignty in this globalized world. University Polytechnic MJ, Aligarh was established in 2014. Our motive has been to impart quality technical education through learner-focused teaching. In our Institute, preponderance is given on practical knowledge through lab-based teaching, industrial visits, expert talks etc. Placement of needy students is what we focus on. Many reputed companies have visited our campus. Various curricular, co-curricular and extra-curricular activities are organized to stimulate confidence of rural students for their overall development. Our staff member's effort to enhance the number of meritorious students. Here students feel English as no more a burden. Essential facilities like hostel, canteen, and mess are provided in the campus.

Vision

To be an institution Where the most formative year of a young mind are spent in the guided pursuit of excellence while developing a spirit of inquisitive questioning, an ability to excel in the pressure of a fast-changing professional world, and a desire to grow into a personality than a person, in an environment that foster strong moral and ethical values, teamwork, community service and environment consciousness.

Mission

- To be the enablers of a confluence of academic rigor and professional practicality.
- To bring global best practices to our students through widespread use of technology.
- To empower our faculty to constantly develop new skills and excel professionally.
- To provide the best campus environment to students and faculty with all facilities to nurture their interests.

Programs Offered

- ❖ **Diploma in Engg.** (Mechanical Engg./Civil Engg./ Electrical Engg./ Electronics Engg./ Computer Science/Automobile Engg./Heating, Ventilation & Air Conditioning)
- ❖ **Diploma in Engg.**(Mechanical Engg./Civil Engg./ Electrical Engg./ Electronics Engg./ Computer Science/ Automobile Engg./Heating,Ventilation & Air Conditioning)- **Lateral Entry**

B. FACULTY OF HUMANITIES (FH)

Faculty of Humanities (FH) offers a range of courses in a broad spectrum of learning are as in Education, Humanities, Visual & Performing Arts, Journalism and Mass Communication and Philosophical Sciences which help in developing life skills and sound personality of the learners through deep understanding of well-designed course content. Special attention is paid to honing the student's skills to become competent professionals. All the courses are comprehensive and challenging to achieve high standards of academic excellence, creativity and professional capabilities.

The Faculty is responsible for teaching and research with in abroad range of subjects in the Humanities.

The following Departments are working under Faculty of Humanities.

- Institute of Education & Research,
- Department of Visual and Performing Arts,
- Department of Journalism & Mass Communications
- Department of Arts
- Department of Library and Information Science

(a) INSTITUTE OF EDUCATION AND RESEARCH (IER)

Institute of Education and Research established in 2010 with an aim to provide competent, committed and confident teachers who are well versed to take the challenges of 21st century. The Institute of Education and Research offers basic and advanced programs which seeks to create technology-savy teachers who are trained to deliver education in the best possible manner.

Vision

To create competent professionals having sound knowledge of skills and pedagogy along with social consciousness and capacity to handle new challenges through excellence in teaching, learning, innovation and research needed for a value based knowledge society where each one gets opportunity to develop internally and externally.

Mission

- To evolve and implement programs of teacher - education in context of local, national and global levels.
- To meet the contemporary demands with technology assisted smart classrooms.
- To develop professional competency of teachers through Enhancing Professional Competency (EPC) courses.
- To facilitate community linkages for accomplishment of broader goals of teacher-education.

PROGRAMS OFFERED

- ❖ **Bachelor of Elementary Education (B.El.Ed.)**
- ❖ **B.Sc. B.Ed. / B.A B.Ed.**
- ❖ **B.Ed. (Innovative)**
- ❖ **Master of Education (M.Ed.)**
- ❖ **Ph.D.**

LAB FACILITIES

Psychology Laboratory:

Educational Psychology is an integral component of every teacher education program as it caters to the need of student teachers to develop an understanding of growth, development and psychological attributes that play an important role in students; holistic development and also provides an in depth knowledge about healthy practices to be adopted in classroom and school as a whole with an objective to facilitate optimum learning. The intent of the laboratory activities is to provide students with an understanding of the importance of objectivity and control in attempting to scientifically study and understand behavior. Psychology laboratory is equipped with apparatus, tools and various tests to conduct experiments which include Intelligence tests (Verbal, Non- verbal), Projective Techniques, Tests of creativity, interest, achievement, motivation, attitude, aptitude, study habits, emotional intelligence scale, self- concept scale etc. The Lab also provides facility to conduct experiments related to memory, sensation and perception.

ICT Resource Centre: ICT Resource center is equipped with LCD, OHP, Television, DVD Player along with Educational CDs, DVDs, and Transparencies etc. It provides hands-on experiences on IT skills equipping the students to use latest technology like power points and internet mediated instructional designs.

Science Resource Centre: Teacher trainees at IER are made acquainted with conduction of practical in laboratories. For this the Institute shares resources viz. Chemistry Lab, Physics Lab and Biology Lab with IET and IBMER.

(b) DEPARTMENT OF VISUAL AND PERFORMING ARTS (DVPA)

DEPARTMENT OF Visual & Performing Arts was established as institute of Visual & Performing Arts in the year 2007. The Department renamed as Department of Visual & Performing Arts (DVPA) in 2015. At present, this department is a part of Faculty of Humanities. The department is working as a liaison between the academic excellence and flourishing inner talents of the students.

DVPA is creating enough opportunities through enhancing knowledge regarding various art forms, participation in various national and international Events, creating new job opportunities and helping society and its people in developing soft skills. DVPA is fully prepared to take up the present day challenges of fine art education through creating awareness among students and pertaining training of modern technology in the field of Fine Art. Developing new curriculum according to the current need, and creating more job opportunities among students.

Vision

To explore, understand and preserve rich cultural and artistic heritage of India by developing high professional and academic standards with research oriented Fine Arts along with building a learning and creative fraternity.

Mission

CENTRE FOR DISTANCE AND ONLINE EDUCATION

The Centre for Distance and Online Education (CDOE), which offers a range of undergraduate and graduate programmes, was established in 2023. The primary aim of the CDOE has been to facilitate access to higher education for individuals unable to benefit from the conventional education system. The Open and Distance Learning (ODL) and Online Learning (OL) systems enable learners to regulate their own learning pace.

The Open Distance Learning (ODL) and Online Learning (OL) have been acknowledged as viable means of educational empowerment for sections of society unable to pursue formal on-campus education for various reasons. Consequently, it serves as an excellent medium for non-formal education.

Currently, ODL institutions are not merely providing education as an alternative to the formal

system, but are also making significant contributions in fields related to vocational and technical education, as well as high technology-based education. Distance education and online education possess the ability to reach underserved, underrepresented, and excluded societal groups. Open and distance education offers students the opportunity to acquire essential knowledge and skills for their development.

Mangalayatan University, Aligarh, has been imparting education to the students since 2006. Through flexible and innovative teaching methods, it has taken steps to provide opportunities for students who cannot attend classes on campus or who have limited access to educational resources. The Open and Distance Learning system facilitates independent learning for individuals at any time and from any location. The study programmes at Mangalayatan University under ODL and OL are selected and designed to fulfill the educational needs of learners, allowing them to study at their own speed and convenience. The University has diligently maintained low educational costs to enable disadvantaged groups to benefit from its programmes via ODL mode. In pursuit of this objective, the CDOE has undertaken significant initiatives to provide professional and vocational courses, ensuring continuous changes to curricula and study materials, as well as the incorporation of Information Technology tools.

Vision

The Centre for Distance and Online Education (CDOE), Mangalayatan University, Aligarh shall provide seamless access to sustainable and learner-centric quality education, skill up gradation and training to all by using innovative technologies and methodologies and ensuring convergence of existing systems for massive human resource required for promoting integrated national development and global understanding.

Mission

To advance frontiers of knowledge and promote its dissemination through sustainable open and distance learning and online learning systems seamlessly accessible to all, including hitherto unleashed, from among whom the leaders and innovators of tomorrow will emerge, the CDOE shall:

- Strengthen the development of national resource centre as a proactive role model for high quality and learner-centric open and distance learning and online learning system.
- Share professional capabilities and resources to improve standards of distance education and online education in the country.
- Develop networks using emerging technologies and methods with global reach for effective programme delivery.
- Provide an intelligent flexible system of education to meet the challenges of access and equity and work towards development of knowledge society.
- Forge convergence of all systems and work for seamless online education across national boundaries to develop global collaboration and partnership.
- Take education to the hitherto un-reached and promote community participation for local development through life-coping skills.
- Provide specific need-based education and training opportunities for continuous professional development and skill up gradation to in-service professionals.
- Strive towards continuous development of methods and strategies for Research and Development for knowledge generation in frontier areas, including open and distance learning.

- Promote integration of open and formal systems to facilitate learner mobility through credit transfer and credit exemption arrangements with partner institutions.

The Academic Programmes of the CDOE

The Centre for Distance and Online Education at Mangalayatan University, Aligarh, provides education via Open and Distance Learning (ODL) and Online mode in specific programmes where the University excels significantly. The courses are meant to create a workforce equipped with essential information and professional skills to perform effectively in the highly knowledge-intensive global economy. The programmes have been meticulously designed to address the educational and training requirements of various socio-economic groups, targeting existing deficiencies in courses provided by other institutions and aligning with market demand, while also offering cost-effective alternatives for underprivileged segments of society hindered by insufficient education, training, and skills. The CDOE has been providing career-oriented programmes.

Additionally, in the Academic Session 2024-25, the University will provide 12 Online Programmes and 15 Open and Distance Learning Programmes. All programmes are approved by the Distance Education Bureau, University Grants Commission, Government of India. 16. NON-ACADEMIC UNITS OF MANGALAYATAN**A. The Central Library**

The Central Library occupies a place of pride in Mangalayatan University (MU) and is an essential component of the Institute's outstanding research and education mission. It serves as a creative and innovative partner in supporting teaching, learning and research activities of the Institute. It is the most lively place on the campus providing a conducive environment that enables learning and advancement of knowledge and promotes discovery. The pleasant

ambience and the well-furnished library with spacious reading rooms create an atmosphere of serenity and thereby inspire intellectual stimulation and research. The Library stacks over 73,000 books and subscription to about 8200 (Print & Electronic) International and National journals and periodicals. With the fast-growing collection, both in digital and print form using the state-of-the-art facilities, the Library is contributing to the University's mission of becoming a world class Institute. The collection of the Library is rich and diverse, especially in terms of the breadth and depth of coverage. Collection encompasses subjects in Engineering & Technology, Management, Bio Medical Education & Research, Applied Sciences, Law, Nursing, Paramedical, Ayurveda, Mass Media, Humanities and related areas. This collection includes Books, Research Journals, Project Reports/Dissertations, CDs etc. Library provides the access to various electronic resources to the bonafide members in various disciplines. The databases of electronic resources are constantly reviewed and updated according to the growing needs of the Mangalayatan University (MU) community. Orientation programmes to use of digital information resources are periodically conducted. The Prof. Rajeev Sharma (Dean-FH) is the chairman of Library Advisory Committee.

B. Computer System Department (CSD)

Established in 2008 as Information Services Department to look after the Computers and the Peripherals in the University, the name was changed to Communication Services as the scope of the functions were expanded to include Intra-Network and Internet, Mobile, eMail and EPABX services. The University has 1GbPS shared internet connection on fibre from BSNL under the MHRD National Knowledge Network scheme. We also have a 300 MbPS leased fibre connection from Ishan Tech for standby operation.

Functionalities

- (a) Maintenance / repair of Computer systems and peripherals.
- (b) Installation & Maintenance of the Intranet.
- (c) Management of Internet & access control.
- (d) Planning & purchase of Servers, Laptops, Printers, Spares and other accessories.
- (e) Manage EPABX services.
- (f) CCTV

C. Enterprise Resource Planning (ERP)

In academics, University automated the Time Table of all Institutes across the University, Students portal has been automated in which all the information/reports of Time Table, Attendance, Marks etc. are available to the students. University automated the admission process which helps in keeping track of admissions and reports related to them.

Examinations: Implemented Grading system for marks in Examination as per the requirements of Examination Cell. Marks and Results process have been automated. Apart from this Seating Arrangement for various exams have also been automated which have reduced manual work to a greater extent. .

Official: Automated the process of HR and are currently working to automate the process of Student's Finance.

Activities: Initiated "Programmers Club" an initiative to enhance the Programming capabilities of students and to give exposure to the practical aspects of the Projects. In this

we have recognized some students and guiding them for Live Projects which will be useful for University as well. Some of the Projects on which students are currently working are: Alumni Association, Android App for University.

D. Hostel

The beautifully constructed students hostel, Sumangalam Hostel and NBH at Mangalayatan University houses more than 600 students and 208 students respectively. It offers single, double and triple sharing rooms at varying rates, as per choice and availability. Located right next to the university sports facilities, the hostel is a picture of action and festivity on most days. There are fully sequestered, secluded residential areas for boys and girls. The hostel has its own housekeeping staff, with an uninterrupted supply of regular water and purified drinking water. It has round-the-clock security, with a team of wardens (both male and female) and the proctor staying within the hostel premises. The hostel has separate gym facilities for girls and boys, as well as a common set of TT tables for recreation purposes. It is equipped with a dedicated Television Room and lounge. It is also fully Wi-Fi-enabled. One floor of the hostel consists exclusively of amenities, including a basic grocery shop, a saloon and laundry facilities.

One of the most remarkable features of the hostel is its Open- Air Theatre. It is the venue for several formal and informal hostel functions, a key to keeping campus life brimming with energy. The first-year boys' hostel came into existence in 2013, with a capacity of nearly 400, with its own warden and security team. Apart from sharing the residential load, this hostel was established with the acclimatization and security of new students in mind. The hostel has all the requisite facilities, apart from the centralized facilities at Sumangalam that are accessible to first year students.
